🌟 **THANKS TO THE GENEROSITY FROM A COLLECTIVE OF OUR MEMBERS,**
they were able to print **10,000 pieces of canvassing literature.**

👉 Our goal is to conduct coordinated, door-to-door canvassing, with each piece customized to reflect ALL the candidates who will appear on that voter's ballot.

They can then take this card with them to the ballot when they vote, because you can**NOT** use your phone. We will have supplemental candidate specific lit to hand them as well. Encourage them to donate locally to candidates who speak to them.

 **The script is simple: GOTV!** Remind friendlies that Midterm elections are on **Nov 3** and it critical to cast your vote. Encourage voters to **VOTE EARLY** and **vote all the way down the ballot**. The further down the ballot you go, the closer the decisions and policies are to home, and the more directly they can affect our everyday lives and pocketbooks.

 QR code on the front takes you to **IGC TurboVote** because if someone registers to vote through this link and there are issues, someone from the IGC will follow up with that voter to ensure any errors to their registration are corrected. Registering at MVP page through Secretary of State's office will NOT do this. You can also sign up for voting reminders through this code.

 QR code on the back takes voters needing a **ride to the polls** to a Google Doc they complete with name, address and any accommodations they may need.

🔔 Please remember that these events are made possible by volunteers who generously open their homes, community partners who provide space, and team leads who take the time to prepare and train participants.

When you sign up, we are counting on you. If something comes up and you can no longer attend, we completely understand, but please let us know whenever possible.

No-shows affect our volunteers, trainers, and the planning that goes into making these events happen.

If you sign up, please make every effort to show up and honor that commitment. **We appreciate you and the time everyone is giving to this work!** 🔔
